

Prologue, Family Relay and Public Sprint

Friday 2nd April

New Parking Arrangements

Due to the recent rain in Orange the University does not want us to park in the paddock as was previously indicated in Bulletin 2.

Parking now will initially be in the northern section of the western University car park (**Area 1**).

Then **Area 2** along the north side of access road, and then in **Area 3** along the western side of Leeds Ave; Leeds Ave; is a dead end road so will have minimal traffic especially on Easter Friday. (maximum walk will be 500m to Arena).

There will be parking attendants directing you to the car park until it is full (approx. 70 cars).
