Experience sprint orienteering, where speed and careful map reading are key! This event will be run entirely within the school grounds so it is a great opportunity for the kids to participate independently.

We will have three line course options for you to choose from - Easy, Moderate and Hard. Line courses must be followed by visiting all control points in order. Individuals or teams can run or walk the course. Full support and instruction is provided by the HOG team on the day.

Please enter through Eventor if possible, or see our Facebook page for entry details.
