To comply with government regulations:

- Everyone (participants, organisers and spectators) must use the **Check in TAS** app. (Please download the app before arriving at the event)
- At the event scan the QR code which will be prominently displayed
- If there is no mobile coverage or you do not have a smart phone you must fill out the paper form
- Before you come, read the [COVIDSAFE Participant checklist](#).
- Bring your own water – no water will be available on the course or at the assembly area.
- Social distancing and a range of hygiene measures will be enforced.

**If you have COVID-19 symptoms or have been in recent contact with a COVID-19 case please stay home.**

### About This Event

#### Odds and Evens Score

The object of the race is to visit as many controls as possible in the allocated time, just like a traditional score event. However, there is a twist – you can start with odd numbered controls OR even numbered controls, and change to the opposite series of controls when you want, **but you can only change once.**

When you decide to switch to the opposite series of controls, you must punch the Transition control (marked T on the map) immediately before changing. Once you have been through the transition control, you **MUST** switch to the opposite series of numbers – i.e. odd to even, or even to odd.

For example, you might visit controls 3, 5, 9, 1 then the Transition control T. After that, you can only visit even numbered controls before heading to the finish. The T control is only visited once. You can start with either odd numbered or even numbered controls – it's up to you.

Each control is worth 10 points, and the late penalty is 5 points per minute (or part thereof) for each minute over the time limit.

There will be one event with a 45 minute time limit. Maps will be given to you when you have punched the start control, i.e. your planning time is included in the 45 minutes.

If any competitors visit all controls in less than 45 minutes, the winner will be determined on time.

If you believe that you are likely to visit all the controls, you will need an SI card with >20 storage capacity (i.e. not a P card!)

## Where is the Start?

The start is 10 km along Ansons Bay Road from St. Helens.

Parking is 200m up a small rough track, small cars can park along Ansons Bay Road if preferred.

## Starts

You can start anytime between 1:30pm and 3pm.

There will be a punching start with 30 second intervals.

## When do I Have to Finish?

You need to finish before the course is closed at 4pm. If you cannot complete your course in time you will need to abandon it and head back to the assembly area to arrive by course closure time.

Whether or not you have completed your course, you must download at the computer, so that we know you have returned safely, and don't organise a search party for you. Also be aware that as soon as the course is closed, the organisers start bringing in controls.

## Will there be prizes?

Yes (valuable!?) Categories will be decided by the organisers.

## Which Map is Being Used?

Map: Bosses Rocks

Scale: 1: 7 500

Contour Interval: 5 metres

## What are the Courses?

There is only one course – between 5 and 6 kilometres if you collect all controls.

## How do I Enter?

Enter online by midnight on **Sunday 19 September**. There will be no Entry on the Day available.

- Enter using [Eventor](#) – the online orienteering entry system.
- If you need help to enter, follow the [How to Enter guide](#).

## Safety

- All competitors should carry a whistle, for use ONLY in an emergency. If injured or seriously lost - 6 short whistle blasts, pause, listen, then repeat.
- If you are lost, but not distressed, orient your map to north and follow the safety bearing printed on the map or notified at the start to return to the assembly area.
- If you are seriously lost or injured and come across a control, remain at the control until an organiser or another competitor is able to provide assistance.
- If you come across a well-used vehicle track, stay on it.
- If all the above fails, go to the nearest hill top or open area and stay put.
- If a friend or family member is late returning, DO NOT go searching by yourself. Tell the organisers, who will take the necessary action

## Where can I find results?

Results from an event are presented in four different places in slightly different ways.

- **Live Results** Regularly updated live results will be available on the WWW (where mobile network is available). Provisional results after download accessed using the QR code or link below

	<p><a href="https://tasorientteering.asn.au/results/ctnwb/">https://tasorientteering.asn.au/results/ctnwb/</a></p> <p>Select the class for which you want to see provisional results. You can choose how much detail (splits etc) you wish to see. This will show results for all finishers to date.</p> <p>Instead of selecting a class you can create up to two customised searches (filters) based on name or club. To refresh these search results ensure you re-click “Find” rather than refreshing the page in your browser. Refreshing your browser will clear the search filters.</p>
--	---

- **Eventor** shows the official results for each course or class and will be available the evening after the event. For OST events the age-and-gender-adjusted times will be published a day or two after each event, as a document in the Eventor page for that event. Go to [Results/Recent Results](#) and click on results for that event.
- **WinSplits** shows the time people have taken for each leg and will be available as soon as the results are available in Eventor. Go to [Results/Recent Results](#) and click on “Split Times” at the top of each class/course.
- **Livelox** shows the routes people have taken on the course (if they have used a GPS and uploaded the data). Go to the Eventor results and then click on Livelox either in the top bar or for each class/course.

## Any Food, Entertainment, Coaching or Other Special Attractions?

A Coffee Van will be available on-site to provide hot drinks and a small selection of food and snacks.
