

Sunday 22 March Dalyellup College

Key information

- **NOT** at 3Campus (Manea, SWIT, ECU) but at Dalyellup College, Wake Rd, Dalyellup
- The Principal of Dalyellup College, Jeff Macnish has kindly given permission for us to use the College premises.
- Outdoor Education teachers Blake Kampen (DC) and Christa Cowan (SWIT) will be on hand to help.
- The courses look short but (ha ha), unless you can leap tall buildings in a single bound, you will need to go around them.
- During your course, you will be able to use the two gates that will be open. All others are chained shut and climbing over high fences is Verboten!
- The College is amazingly clean, has buildings at weird angles and has some curious functional artwork.
- The Grounds staff cornered the market on woodchips / mulch and it is – everywhere. It is designated ‘Gardens’ and treading on it is strictly Forbidden. Amputation of offending feet may result!
- There are two courses. One is ‘Longer’ and has lots of turns. The other is ‘Shorter’ and simpler. Both are Line courses and controls **MUST** be punched in the order shown.
- Walkers and Runners only please – bikes, skates, scooters are not eligible to compete as they are not considered to be ‘feet’.
- Remember to check each control code before you punch.
- Banjo, Clancy, Fido, Rover and all their mates will need to be confined to barracks. They are Prohibited on this course.
- Arrive between 3.30 and 4pm if possible
- MetEye™ suggests that the air temperature will be pleasant and it will be rain-free.
