4	7.0 km	85m	M70, W17-20, W50, W60, W70, M12, M14, W12, W14

COURSE NOTES:

- The map of the event area was updated in 2022 (including incorporation of ISMTBOM 2022 symbols)
- All courses are at 1:15000 with 5m contours.
- The event is using SI timing (not MapRun) so remember to bring your sticks.
- The competition area is remnant jarrah / marri forest with a complex network of tracks and some old gravel pits. There are large blocks of private property and plantations (both out of bounds) bordering with the forest.
- The tracks are mainly vehicle tracks, many of which been dug up with mounds of gravel to impede vehicle access. Trail bike detours are common around or over these mounds but some have quite dangerous pits adjoining. Care will need to be taken when approaching these mounds. The mounds are mapped with the purple bar symbol. The track surfaces are mainly well-worn gravel with exposed laterite and the usual gumnuts.

Orienteering

Western Australia

- The assembly area is at the eastern end of Pickering Brook Road in Pickering Brook (where the road is blocked off). Set your satnav to take you to 632 Pickering Brook Rd and you will be nearly there. Please park on the northern (forest) side of the road and leave the section with marked cones clear as the courses exit the forest at that point. The event is not accessible from the Ashendon Road end. The pre-start is adjacent to the assembly area. Coffee is available at the corner of Canning Road and Pickering Brook Road, some distance before the event.
- Enter on the day (non-championship) will be available for all courses and e bikes are welcome.
