

ACT MTBO Series #2, Bruce Ridge 28 May 2023, Sunday 10am MTBO Rogaine Format

ACT MTBO Series #2 will take place as MTBO Rogaine format.

Bruce Ridge is a popular area for running and mountain biking, including MTBO events in the last few years, which usually involved lots of forced climbs to reach the next specified control. This event will be different - the Rogaine format means you can choose your own adventure, with both the controls and the route completely up to you, and you can even do it with a friend! The controls scattered around the Bruce Ridge area will have different point values, so it is up to you to select which ones to get, locate them, and then get back within the allocated time (30 minutes, one hour or two hours). Maps will be handed out at 10am for the mass start, however it might be prudent to do some planning before rushing off onto the trails! Apart from collecting controls in any order, regular MTBO rules still apply on the course though - travel is only allowed on marked trails or bright orange areas, and keep your eyes open for other trail users as the majority of trails are two-way. This event is perfect for riders of any skill level. It should be a challenging but fun day out on the trails - **will anyone be able to collect all the checkpoints?!**

Assembly area: Bruce Ridge, the end of Kunzea Street, parking area adjacent to Alivio Tourist Park.

Start Times: 10:00am **Pre-Start Briefing:** 9:55am

Course closure: 12:00pm
