

## Sunday 2 July – *Dalmoak*, Marylands, east of Stanthorpe

**Map:** *Dalmoak*, 2000 but updated numerous times. 1:10,000 scale

### **Terrain:**

Generally undulating open forest and semi-open to open grazing land with some scattered areas of granite. There are some areas of former tin mining along the major creek.

### **Notes on the map:**

There is a high, electrified wild dog exclusion fence running east – west through “*Dalmoak*”, marked as uncrossable on the map. All Hard and Moderate courses will cross it twice at gates. Please do NOT attempt to cross this fence at any other point as you may damage it. If you are seen/reported doing this, you will be disqualified.

The map was originally made in 1999. Since then, a number of changes have occurred, particularly to the vegetation. Many of the minor tracks have now become indistinct. Some of the clearings are also less distinct and areas of “green” may now be denser vegetation. Extensive wattle regrowth has occurred in sections of the open paddocks. Only some of this has been updated on the map.
