- Spring has finally arrived and some nice flowers are starting to show in the bush so a good opportunity to enjoy the forest at its best.
- This event is the last bush event before the OWA Long Championship the following weekend and the Australian Champs to follow, so perfect opportunity to tune up the legs and mind.
- **The controls will be programmed into SI AIR mode.**
- There are some new unmapped trail bike tracks, we have updated some but there are more trails than time permitted to revise the whole map. The E and VE courses have been updated to show the trail bike tracks.
