START: The Start for all courses is 450m from the Assembly area. The walk to the start has a creek crossing, and may require a log crossing after rain.

FINISH: The Finish is 300m west from the Assembly area.

MAP: The scale for all courses is 1:10,000. Contour interval is 5m. Standard A4 100gsm paper will be used for all courses. Ziplock map bags will be available at the Start.

Orienteering

Western Australia

COURSE INFORMATION: The walk to the start has a creek crossing, and may require a log crossing after rain. The terrain is mostly open eucalypt forest with scattered rock features; boulders, rocky ground, bare rock surfaces and cliffs; and watercourses. The vegetation in the east of the map is fairly open, although grasstrees reduce the visibility in places. The vegetation is denser on the slopes in the west of the map, with a lot of prickly bushes. Leg protection recommended. The watercourse along the south of the map may be difficult to cross if there is rain in the days before the event. There are motorbike tracks the south-east of the map.

Normal SI controls will be operating for this event

Water will be provided on the HI, H2, H3, H4, H5 and M courses and is at a control point.
