The normal rotation for major foot orienteering championships is that “inner” states (NSW, Vic, ACT) host both Aus Champs & Aus 3-Days within a 6-year cycle and “outer states” (Qld, SA, Tas, WA) are scheduled on an 8-year cycle. The schedule for Oceania events assumes that:

- They will continue to be rotated between Australia and New Zealand.
- The main focus of the Oceania Championships will be the youth/junior/elite regional championships as described in Appendix 11 of the IOF Foot Orienteering rules.
- Other competition classes may be offered.

1. The 2026 Australian 3Day will be a combination of the 3Day and Australian individual and relay championships.
2. Oceania Championships (sprint events) will be held in early 2026.
3. Forest events will be held over the traditional September-October time frame in lieu of the Australian Championships carnival. It will include the Schools Championships.
4. This event is not confirmed.
