Uringa Orienteers Club Reports 2015

President's Report 2015

This president's report concludes my fifth year as club president. It was once again a very productive year for Uringa from an organising point of view and also participation wise, across the nation and overseas!

The main communication between the board and office bearer was via email, however many issues also get discussed at events during the season. I would like to thank all the office bearers for their contribution and time. A special thanks goes to Dave L for all his work as treasurer, mapping & events officer, and also Ron who takes care of the all so very important technology! New on board for 2015 were Jim as Vice President and Alice as Secretary. While memberships are normally embedded in the Secretary's role, it is currently a task I decided to take on at last year's AGM, which I am happy to continue with.

We organised a total of 12 events, which included 4 sprints (one of which was a National O League Elite/Stateleague event), 6 Summer series (north & South), 1 Metroleague and 1 Club/Junior League. It is also pleasing to know that the average participation in the Southern Summer series has increased to 63 runners, up from an average of 50 runners in 2014, and 35 runners in 2013. The Sprint Series is getting more and more popular too with an average of 97 runners in 2015.

The total number of members remained steady for 2015 at 82 members, whereas in 2014 we had 80 members.

A great addition to our "communication channels" on top of the website and blog is the Facebook page created by Matty Westwood after last year's AGM. Members are using this regularly for all sorts of things, including wedding photos!!

Our club continues to support the NSW Carabines, and this year Uringa had 3 juniors who made the NSW Schools Team to compete against other State teams at the Australian School Championships: Georgia, Sophie and Finn. Our other juniors Will and Jonathan Nolan, Maree, Jakob and Serena Doyle, and Maggie Mackay continue to compete across a variety of events such as State League, Junior League, Club and Summer Series events. Congratulations to all our juniors, well done!

Congratulations also go to Jim who was awarded with the "Rookie of the Year" award for most improved newcomer to the sport!

I would like to take the opportunity to thank you all for your contributions and time you have given to Uringa, whether as a course setter, controller, organiser, event volunteer, social event host, training organiser or anything else. Thanks to all of you, this makes Uringa a special club to be part of.

Linda Sesta

Secretary's Report 2015

As mentioned in the President's report, the membership administration is currently embedded in the President's role which is currently working just fine. Club Membership remains at more or less the same level.

Communication: general communication is via email to office bearers, and via MailChimp to all club members. Ron and Linda generally generate the MailChimp emails, while I Linda maintains the email addresses. If members would like to broadcast a message to all members, please send the message to either Ron or Linda who will be able to generate it.

Reports from MailChimp identify the numbers of messages opened for each email broadcast. The opening of emails ranged from 43.3% to 75.4% but generally about 60% of recipients viewed the generated messages.

Treasure's Report 2015

The club shows a profit in our cheque account of \$1691 for 2015. This was despite expenditure of \$1360 on equipment, \$1904 on maps and \$1000 donation to the Zonta Club. Our current balance (including a term deposit of \$15000) of over \$18000 is very healthy.

For 2015 no major items of expenditure except for the 2 maps required for the Schools Championships (estimated at \$4000) is expected. We also have a good stock of shirts and e-sticks.

Events conducted in 2015 realised a surplus of over \$6000 (including the Xmas 5 Days income) which was similar to 2014. We can expect to exceed this in 2016 due to the Schools Championships (enough to cover the mapping costs) - as we are probably conducting a similar number of events and it has been agreed that the entry fee for the 2016-17 Summer Events will increase to the maximum allowable \$12.

Membership retreated slightly from the 2012 high (51) to at the end of 2015.

NOTES to the INCOME/EXPENDITURE statement

(1) Uniforms

Sales in 2015 were \$30. Stocks remaining amount to 33 shirts (valued at about \$1000)

(2) E-sticks

35 e-sticks were purchased in 2013 to provide a stock for sale/swap to club members and also for hire at our events. The current hire/sale stock is 18 (8 new).

Income from hire of sticks in 2015 amounted to over \$500

(3) Events

A summary sheet showing the income/expenditure for each event we conducted is attached. The figures on the summary sheet will not agree with the Income/Expenditure statement as some cash payments for minor costs were made from the entry fees collected on the day.

The nominal cost of pretext (waterproof paper) where used for a particular event is included in the summary but is listed in the income/expenditure only as a total cost at purchase.

Current stocks are at least 1700 A3 sheets.

The amount owed ONSW for our share of the Xmas 5 Days in 2014 was received and is included in the summary – costs for this event as reported last year were \$602.

(4) Mapping

The following amounts were paid for mapping in 2015:

| | | |
|------------|---------|----------------|
| Dave Lotty | 904.00 | Garrison Point |
| Dave Lotty | 1000.00 | Cup and Saucer |

(5) Equipment

Purchases included:

| | | |
|---------------------------------|--------|---|
| Rectification of control stands | 707.85 | includes purchase of punches, SI plates and flags |
| Road signs | 60.00 | |
| Uringa Banner | 517.00 | |

URINGA ORIENTEERS

MAPPING and EVENTS REPORT for 2015

MAPS

At the end of 2015 the following maps were available for our events.

1. Street Maps

The Punt/Yaralla/Exile Bay (Cabarita/Concord)
Skinny Latte/Decaf Latte (Balmain Peninsula)
Federation (Callan Park/Haberfield)
Villa Maria (around St Josephs College, Hunters Hill)
The Warren (Marrickville)
Sound of Thunder (Maroubra)
Over the Rainbow (Randwick)
Cooper Park (Woollahra)
Cup and Saucer (Hurlstone Park/Earlwood)
Duck River (Auburn) - revised in 2003 but has not been used for some time
Work has commenced on two areas- one just to the E of Callan Park (Lilyfield/Rozelle) by Matt and possibly several maps N of President Avenue (Brighton-le-Sands/Kyeemagh/Banksia).

2. Sprint Maps

Sydney Park- extensively revised following Council works
Mort Bay Dock
Carss Bush
South Crescent - ultrasprint map
Kippax Lake = ultrasprint map (not likely we will get access again without inordinate cost)
The Botany Bay Gift
Garrison Point (Lake Gillawarna)- to be used for NSW Schools and NSW Sprint 2016
WSU Bankstown- being prepared for NSW Schools and NSW Sprint 2016
Concord Hospital - this area is under consideration.

3. Other Metropolitan Maps

Centennial Park
Callan Park
Sir Joseph Banks Park- an extended version of The Botany Bay Gift to be used for a Metro in 2016
Lansdowne Park - being prepared for NSW Schools 2016

4. Bush Maps

Beyond Rocklea
Yuruga
Arthursleigh
The Piggery
Douglas Park - area to S of intersection of M5 and Douglas Park Drive, N of Wilton. No progress on permission.
Out of curiosity, I have prepared the attached summary showing each of our maps that have been used since 2011, the cost of mapping, income from events and the current financial position.

EVENTS

Our 2015/16 Events (a total of 12) were all successfully organised and this was assisted greatly by the Roster prepared by Helen. The 2015/16 summer season is almost over for UR (only one Sprint Series event at Callan Park remains).

We have commitments for the NSW Schools Championships (over 2 days- 2 sprints on Saturday and a middle on Sunday- both days being SLs) with the Saturday also being the NSW Sprint Championships and a Metro in the winter as noted above.

I suggest that we have sufficient maps and organisers to commit to a similar number and range of events next summer - 4 South SS, 2 North SS, 2 Sprint Series and one day of Xmas 5 Days if required (I understand this is to be in the Newcastle Region in 2016 and I doubt we will be needed/wanted).

At the ONSW AGM in 2015, the Association agreed to increase the maximum entry fee for metropolitan minor (club) events to \$12 from the current \$10. While this has not been used in 2015-16, I understand that all involved have agreed that entry for 2016-17 Summer Events will increase to \$12. I am not sure if this will apply for Metro events in 2016 but think that it should, as we will pay a substantial landowner fee (over \$250) for Sir Joseph Banks Park.

Medical Officer's Report 2015

February 2016

Thankfully a fairly quiet year from the first aid perspective.

Brian and Mary Jane kindly accepted responsibility for safekeeping of the first aid kit and bringing it to Uringa events, as they were getting to events more regularly than the medical officer. So when you are holding an event, please check with them first regarding ensuring the kit will be at your event.

Anyone who uses an item from the kit is kindly requested to drop me an email to make it easier for me to keep track of what requires replacing.

Uringa AGM Training report 2015

Review

Training this year was confined to the four week Learn to Navigate course in October/November, a training event at the Armidale Christmas 5 Days and the planning of a training follow up forest weekend event to the October course.

The ParkRun which was identified last year as a useful opportunity for all club members to get a timed 5km run on a Saturday morning continues to provide opportunity for training. ParkRuns within or close to Uringa club territory include Rhodes, Ermington, St Peters, and Cooks River

The 'Learn to Navigate' was run again this year successfully with 12 attendees, including one who travelled from Canberra. Michele Dawson and Georgia Jones were the support coaches this year, and were paid \$200 each for the whole course. Funding for this came from the course fees; there was no shortfall this year as training fees covered the coaching spend and there was no need to access the training budget. Two of the families attending were Spooks in the Park attendees, showing that ancillary events can have attract new families to the sport.

Spooks in the Park was not run this year due to pressure of work, but a new event with the Cancer Council, The Great Park Adventure, was designed and run in May. This took the form of an orienteering/scavenger hunt around Centennial Parklands and was designed to raise funds for the Cancer Council. This required significantly less time investment but attracted over 400 people, the majority of which were families, many of which were exposed to orienteering for the first time. Feedback from participants was very positive.

A follow up training course to Learn to Navigate is being trialled this year on January 30/31 2016 – Learn to Navigate in the Forest. This will be held at Belanglo and will focus on activities which support the transition from Easy to Moderate, as well as fun activities for younger children. At time of writing 12 participants had signed up for the course.

Team Captain's Metro League Update

Ian Jones 18/2/16

Please accept my apologies for not being able to attend the AGM this year.

I would be happy to volunteer for the captain's hat again in 2016, but am equally happy to pass it on to someone else who might wish to have a go.

The results for last year are overleaf. We had an excellent year in terms of achieving a real spread of results between our various teams. In summary our final positions were:

Division 1: fourth place

Division 3: second place

Division 4: third place

Division 5: **winners!**

More importantly, I think people enjoyed their runs and were generally ok to be in the teams they were in. Any disappointment in team selection was politely kept away from me. Feedback on this important topic would be welcome.

Do we keep four teams in 2016?

There are always problems in that at the beginning and very end of the season, we have too many runners, whilst for the events in the middle of the season we lose people on overseas trips and the teams are a bit thin. For most events, however, there always seemed to be volunteers from other clubs happy to help us out. I think it is a problem we will always face and we may as well focus on enough teams to give almost everybody a run and have some enjoyment even if it means we lose out due to lower numbers mid-season.

Do we keep the same team entries for 2016?

I think the answer is yes. Our average to good results mean we should not move down.

There will always be a club contingent keen to run Division 1 – we might as well keep a team here even if it means the team is not fully staffed each event.

We could move the Division 3 team up to Division 2. Given that we only came second, I don't think there is a requirement to do this. If the AGM votes for going up to Division 2, I am ok to propose this assuming that a Division 2 team is ok to be demoted.

The Division 4 team ended up in the middle of the pack, so I don't think there is pressure to move it up to Division 3.

The Division 5 team were winners, but I think there are too many runners in our club who enjoy Division 5 to move this team up. What will probably happen in 2016 is that some of the faster runners from the Division 5 team will run up in Division 4.
