Marrinup was a mill settlement that burnt down in the 1961 fire. The townsite is now a free camping area. The map includes the Marrinup MTB circuit, part of the Munda Biddi trail, the old golf course, a former POW camp, and a tourist rail line. Part of the map was first used for the Australian Middle distance champs in 2016. It offers a variety of trail types, and the western section has some challenging climbs for courses 1-3. Start times are a bit earlier than normal to reduce the chance of conflict with the train which will pass through the event area about 10.40am
