

BUSHFIRE MANAGEMENT AND EVACUATION PLAN

**AUSTRALIAN MTBO
CHAMPIONSHIPS
Southern Highlands**

4th to 8th October 2017

INTRODUCTION

This plan is for Orienteering NSW and has been designed to assist the event organiser's to protect competitors, volunteers and the general public in the event of a bushfire during the Australian MTBO Championships event in the Wingello, Penrose and Belanglo State Forests.

Our aim is to have preplanning and procedures in place for evacuation or shelter of people from the event site to enhance the protection of these people.

Prior to commencing the event the organiser's shall check media, websites and Local RFS for bushfire warnings in the event area.

The event shall be cancelled when advised by RFS or NSW Forests.

This management plan is based on the NSW RFS Bushfire Management Plan Template 2014.

TRANSPORT DETAILS

Course Closure

On course closure in the advent of a bushfire, the competitors will be stopped from starting the event. Evacuation assistance personnel will stop competitors at main road intersections on the course that are not at risk of bushfire. Competitors will be directed back to the event centre. All competitors have maps of the area.

On return to event centre and formal accounting of their whereabouts, competitors and family/friends will be advised to pack their equipment in their vehicles and await confirmation of evacuation or shelter details.

The majority of people at the event have their own transportation. The event officials have Hi Vis vests and will assist with traffic control in the area.
