For ACT Competitors: Explanation of Entry Process for 2018 ACT League Events 1 and 2

ACT League Events 1 and 2 for are shared/co-hosted events with Orienteering NSW for State League Events 1 and 2. ACT League/NSW State League Event 1 will be staged by Bushflyers and ACT League/NSW State League Event 2 will be staged by Big Foot. The main difference between the two Leagues is the ACT League is not class-based, but based on km rates on Hard (Red) courses corrected for the age/gender of competitors and competitors do not have to compete in any particular age class providing the class they enter is on a Hard (Red) course, whereas the NSW State League is class-based and competitors must compete in a class appropriate to their age and gender. When entering via Eventor, after clicking on Enter and/or order services, Eventor will display the suggested class appropriate to your age; see the image below.

If an ACT competitor does not wish to enter the displayed class they should click on the down arrow for Class to display the other class options; see the image below.

ACT competitors are free to scroll up or down to choose a class from the list, but if they want to score points in the ACT League competition they must select a class which will be on a Hard (Red) course. Thus, before they attempt to enter, competitors need to read the Classes/Courses table to ascertain which class they wish to enter. This process applies to both 2018 ACT League/NSW State League Events 1 and 2.
