

ACT League 1 and NSW State League 1: Collector Hill, Sat 17th March Final Information

1. The **weather** on Saturday will be warm. There will be water available on the courses and at the Finish, but quantities may be limited in the event of high demand. All competitors are encouraged to bring extra water with them to the event, and may also consider taking water on their course.
2. **Catering** update: A coffee cart ('Here's the Coffee') will be at the event from late morning. The ACT Blue Lightning Junior Squad will be offering a BBQ as well as their usual wonderful cake stall. Please support both!
3. **Arrival** at the event: Note that Mays Lane is NOT signposted from the highway. However, the event turnoff will be clearly marked with orienteering signs. Please check details on the original Event Information flyer. Please keep your speed to a maximum of 10km/h as you come off the highway and proceed along Mays Lane, to minimise dust and road damage as you approach the event. Watch for runners on the road as you approach the assembly area.
4. **Parking**: as you arrive, you will drive past and beyond the Assembly area, along Mays Lane. Continue south until parking officials direct you to turn and park on the left side of the road. Please follow all directions thoughtfully. Don't forget that there will be a gold coin donation for the landowners whose properties we are enjoying.
5. **Starts**: there are TWO Starts. The **Pink Start** is for all **Hard and Moderate** courses (ie Courses 1-8). Please follow signs and pink streamers, and check that you are in the correct lane. The **Blue Start** is for all **Easy and Very Easy** courses (Courses 9 & 10). Follow signs and blue streamers to the start. **A Clear and Check unit will be at each Start.** Please follow the Starter's instructions at your start.
6. A limited number of **EOD** courses are available - please check at Registration. A list of courses/classes will also be available. If you have pre-ordered EOD maps, or you are changing your course (*as already arranged with the organisers*) make sure that your new course is noted **BEFORE** you download.
7. This is a general reminder that, for **safety** reasons, ALL competitors must present themselves to the Finish tent, irrespective of whether you complete your course or not. Arena Layout:
