

BUNDY FOREST Sunday 15 April

10km from Gumeracha on Forreaston Road. GPS -34.758926, 138.952202

A rarely used section of Mt Crawford Forest that has been recently updated.

Mostly open, easy running, pine forest with patches of native bush. Gentle undulating terrain with nice pleasant tracks for beginners and families, and lots of point features for the more advanced orienteers.

Most of Mt Crawford is now embargoed, and access is forbidden until the National Championships Carnival in October. This is your only chance to practice in classic Mt Crawford terrain before then.
