

2018 QLD Sprint Champs

FINAL INSTRUCTIONS - 28 April 2018

There will be no map collection at the finish. It is up to finished competitors not to show those yet to start and those yet to start not to look at finishers' maps.

All courses will utilise some public footpath/bicycle path. The public have right of way. Please be aware of other uses.

If you have pre registered and paid you only need to visit registration prior to starting if you have hired an SI Stick

Use of a ComCard (Compass & SI Stick combined) is not recommended as a couple of controls may be in metal boxes. Please visit registration to borrow an SI Stick.

A reminder there is a 600m walk to the start. Please allow plenty of time. Access to the start is only via the marked route.

Those running Hard 1 & Hard 2 will have a map flip as part of their course.

Presentation timing has become tricky as some late starters are dependent on Brisbane traffic. A decision may be made around 3pm if we need to hold the presentation on Sunday at OY4 if there are too many late starters

Good luck. Enjoy. (and welcome our Tassie and South Aussie visitors!)
