Team Line-ups

- The names and running order of team members can be entered and changed at any time until the **Team Lineup closing date (Wednesday June 6 2018 11pm)**.
- To enter or change names and running order, log on to Eventor and open the Relay event. Click on ENTER TEAMS/SUBMIT TEAM LINEUPS. Click on the Edit button beside each team. Then choose the name of the team member for each leg. Team members must be registered in Eventor (i.e. current members of your club), or you will not be able to enter them.
- MIXED teams should be entered in the following order: Leg 1 Short, Leg 2 Long, Leg 3 Medium. All Mixed teams will compete in the same order.
- Check with your team members that they will be using the Sportident stick that is registered in Eventor. Any SI stick changes must be advised to the organiser asap, so that the Event file can be updated (it is not sufficient to simply change it in Eventor).

Loan of SI sticks: please endeavour to lend SI sticks from your club stock, and enter the SI stick numbers when doing the entries. If you need to hire SI sticks from Orienteering Victoria, a hire fee of \$3 per stick will be charged, and the organisers will allocate the SI number.

On the day:

Team managers must come to Registration to collect team lists, bibs/safety pins, and any hired Sportident sticks. Registration will be open 1 hour prior to the Start.

A briefing for all competitors will be held 15 minutes prior to the Start (i.e. at 10.45am)
