

# MapRun for Bike-O

## Before you arrive...

1. Install the free MapRun App on your phone <http://maprunners.weebly.com/> or if you're an existing user check you have the latest version 45.0
2. Register your personal details in the App.

Using the App download the MTBO event (map and course) so it's stored in your phone.

3. Click on 'SELECT EVENT', then the folder "MR MTBO", then folder QLD and select -
  - Geebung Bike-O PZ0802092018 PXAS ScoreQ60
- You don't need mobile coverage or mobile data turned on during the event but if you do the App will use very little data.
4. Make sure your phone is fully charged.

## On the day...

5. Open the App and click on 'RELOAD', then select:-
  - Geebung Bike-O PZ0802092018 PXAS ScoreQ60
6. Click on 'GOTO START' and enter the 4 digit code from the organiser.
7. Collect your paper map for your mapboard.
8. Press 'Start the GPS' on the APP prior to starting, to give the GPS time to lock on.
9. **CAUTION:** Stay clear of the Finish control area to avoid completing your event.
10. Proceed to the location of the starting triangle on the map and as you approach the GPS will detect and confirm your time recording has begun with a beep and vibrate from your phone. The Start Triangle will change colour to green on your phone.
11. Collect as many controls within the allotted course time as you like in any order. Controls will have a points value equivalent to the decimal value of the control number e.g, control 36 equals 30 points.
12. As you approach the control site, SLOW DOWN. You'll hear a beep if you pass the right spot. If you don't hear a beep, you may have to try passing again or double check you're in the right spot. Don't be surprised if it beeps within 5-10m of the actual control site due to GPS variations.
13. As you approach the finish, the App will beep and 'punch' the finish and the timer will stop. If you've missed some, it will ask if you want to finish anyway.
14. Click on 'Show Results', 'My Results' to see your track, your elapsed time and your score. Watch out for that late penalty of 30 points per minute.
15. Finally, press 'Upload Results' and you'll be able to see how you went against the other competitors under 'All Results'.
