

Put some SPRING into your Orienteering!!

Had enough of winter? Need a bit of warmth and sunshine?

Well maybe a Spring weekend in Stanthorpe is just what you need!

Two fantastic days of orienteering on the Granite Belt – where the forest is fast, and the rocky detail is friendly. Grass seeds are minimal and lantana is almost non-existent after the dry winter.

Saturday 8 September – Middle Distance, great technical orienteering – perfect preparation for the Australian Champs.

Sunday 9 September – Ultralong, mass start with multiple loop style courses so you are never too far away from the finish!

Entries close soon – Sunday August 26.
