#### **Directions to the arena for both days**

From the Hume Freeway exit at the A9/B69 (Mt Annan / Western Sydney University) head east on B69 Narellan Rd and then right at the roundabout into Appin Rd. Turn left into Woodland Rd and then right at the T junction into Wedderburn Rd and continue to Lysaght Rd. The assembly area is immediately north of Wedderburn Aerodrome. See locality map at the end of the document. Parking is along the sides of Lysaght Rd but keep it clear for through traffic.

NB: The assembly area cannot be directly accessed from Appin Rd to the south. See locality map. There is a connecting road but this is used by West Cliff Colliery.

#### **Wet Weather**

In the past 2 weeks there has been considerable amount of rain in the area- 50mm plus in 10 days. This will affect the levels in creeks and also the condition of the tracks.

#### **Timing:**

A mix of normal SI and SIAC timing will be used. Those with standard chips punch each control as per normal.

Those with SIAC sticks are able to swipe their controls but it is the competitor's responsibility to ensure that they receive a visual and / or audible signal from the timing chip as an indication of visiting control. Failure to do so will result in a "mispunch". Punch the map in the case of any unit not working. Controls must be visited in order.

#### **Hire:**

SI Air sticks and a limited number of map boards available for hire.

To hire please use the service section of your Eventor entry

### Course setter's notes

- \* In general, the single tracks (paths) are relatively rough and rocky as they are mainly used by motorbikes
- \* Please note the "difficult" path & track grading on this map means **DIFFICULT** and, in some cases, it will require dismounting and walking your bike. Please take care on these tracks and ride to your ability.
- \* Eye protection is strongly recommended as there are numerous sticks and foliage across some sections of single track.
- \* Arm and lower leg covering is recommended.
- \* The access road on the eastern side of the course area is a legal route choice unless marked otherwise. See locality map.
