

LESLIE DAM CAMP-FINAL INSTRUCTIONS

Don't Forget!

Don't forget to bring your own sheets, sleeping bag, pillows, towel.
Remember that your camp entry doesn't include entry to the OY2 Leyburn event. If you haven't entered it on Eventor by now and wish to, contact Liz Bourne **immediately**.

Driving instructions

ROAD DIRECTIONS TO CAMP LESLIE

From Warwick, take the Cunningham Highway west from the intersection with the New England Highway for approx. 9km and turn left into Leslie Dam Road. Follow for approx. 7km and after crossing over Sandy Creek below the dam wall, head up the hill to the camp on the right. Allow 15 mins from Warwick.

The next morning, if you are heading to Leyburn, go back to the Cunningham Highway and turn left towards Inglewood.

NOTE:-TRAFFIC WARNING: There will be major concerts occurring at the Willowbank Raceway, outside Amberley, from 14 - 17 March. This may affect those travelling to the training camp on Friday night and those returning home from the Leyburn event on Sunday.

Coming to Warwick, consider using an alternative route via the Ipswich- Boonah Road and rejoining the Cunningham Highway at Harrisville.

On Sunday's return to Brisbane, turn off the Cunningham Highway at Harrisville and follow through Peaks Crossing to join the Boonah -Ipswich Road.

Arriving

Here is a map of the campsite <http://www.ymcacamping.com.au/accomodation-leslie-dam.html>. We are going to be in the Cunningham wing and rough room allocations will be provided as there are some families staying who will need to be together.

Dinner is not provided on Friday night, so have a meal in Warwick before you come into camp or unpack and then go out for dinner.

Friday Night arrivals - Please seek out Dave Firman or Juliana de Nooy on arrival on Friday night to be shown where your cabins are.

Mobile phone service from the camp is very poor - maybe climb a hill!

Meal times

Breakfast 8.00AM

Lunch 12.00Pm

Dinner 6.00PM

Schedule of training activities

Training on Saturday is at 9am to 12pm at Leslie Dam.

Meeting place is the picnic area on the right, before the creek crossing on the road into Leslie Dam.

There are several activities for various level of difficulty.

Bring your SI stick or See Anne Wilson from BBB if you need to borrow one.

Bring plenty of water and a map bag if you want one. Wear appropriate clothing for the bush and bring your gaiters if you normally wear them. Maybe also bring a raincoat if the weather predictions hold up.

There will be other activities organised in the evening for those staying over Saturday night.

MapRun event

This will be at Queens Park in Warwick with starts from 2.30 - 3.30pm. Enter via Alice Street which is the last street on the left as you leave Warwick, just before crossing over the Condamine River. Look at the details on Eventor for where the assembly is and how to set up your Smartphone.

It will help with determining numbers if you enter the event on Eventor.

If you don't have a smartphone, we will have some available for loan. There will also be printed maps available.

Swim

The Warwick pool should be open if you want to cool off afterwards. It's in Palmerin Street besides the High School.

Leyburn OY event

The entry into this event needs to be done separately via Eventor by midnight on Wednesday. If you don't have a PayPal account, your entry won't be accepted. You can pay on the day but you must notify Liz Bourne at batmaps.liz@gmail.com no later than 9am on Thursday morning with your course details to ensure enough maps are printed.

There will be a coffee cart, muffins and soft drinks for sale plus a sausage sizzle. There is a store at Leyburn (7kms away) but no shops between the event and Warwick.

Weather forecast

It could be raining on Saturday and maybe also on Sunday so come prepared.

Saturday 16 March
