

2019-20 ACT Runners Shop Twilight Series - Season Passes

Costs

Costs are equivalent to 50% the cost of member enter on the day registration at every event.

Adults = \$75

Juniors (under 21) = \$50

Entry Conditions

You must:

- Be a financial member. Memberships may be purchased through Eventor. You should volunteer to assist your club when it is organizing a Twilight Series event.
- Have your own Sportident stick. These may be purchased via office@act.orienteering.asn.au or at any event.

How to enter

Please enter via [Eventor](#).

Notes

The 2019-20 ACT Runners Shop Twilight Series includes 15 events from 23 October 2019 through to 4 March 2020.

There is no refund in the unlikely case that an event is cancelled.

Refunds and discounts will not be provided to members who purchase season passes after paying enter on the day fees at a prior event.

Registration Deadlines

The Season Pass list is compiled at 12pm the day before each event, if you purchase a pass after this time you will need to bring proof of purchase to the event (either the printed Eventor receipt, or you can show your name on the Eventor entry list on your phone).

Passes may be purchased at any point during the season.

Passes cannot be purchased at events. If you are not registered prior to an event you will need to pay enter on the day at that event.

Family Discount

A family discount is applied automatically when **three or more competitors register at the same time**. The discount will be applied to any entry of three or more people comprised of at least one adult, but no more than two adults (it doesn't prevent application to groups with more adults, it just ignores the other adults), and at least one junior.

A family will pay for the three most expensive entries only; see examples below:

1. 2 adults, 1 junior. Entry will be charged for 2 adults and 1 junior = \$200
2. 1 adult, 3 juniors. Entry will be charged for 1 adult and 2 juniors = \$175
3. 2 adults, 1 more adult, 2 juniors. Entry will be charged for 2 adults, 1 Junior and 1 other adult = \$275.
