

## Sizing Information for the Triangle T-shirt

The photos show the men's (unisex) shirt. The women's shirts have a lower neck and cap sleeves. The triangles are also a little smaller because the width is smaller. The children's shirts are the same style as the men's/unisex.

### Size chart

These are measurements (in cm) of the actual garments. They are made with the T-shirt completely flat. The chest measurement is across the T-shirt just below the sleeve seam. The length is from the top of the shoulder (near the neck band) to the bottom of the shirt.

(There are gaps in the chart because not all sizes have been ordered by Garingal members, so we have been unable to measure them.)

Size	Extra Small	Small	Medium	Large	Extra large	2X Large
Men's/Unisex chest	47	50	52	55	58	62
Men's/Unisex length	68	70	73	74	76	
Women's chest		40	43	45	48	
Women's length*		64	67	70	72	
Children's chest	33			40		
Children's length	49			56		

\* Some women have found these T-shirts a bit too long.
