

## Car Wreck Challenge #2: WHITES HILL

Ready for our next challenge? Intrepid mapper [Geoff Peck](#) has been scouting around Whites Hill and has circled 9 wrecks on the map. Your challenge is to use the map to find them in the fastest possible time, registering your run/walk using the MapRunF app.

### FREE EVENT

**LONG** course: visit all 9 wrecks (distance: from 5.7km depending on the route you choose)

**SHORT** course: visit any 5 wrecks (from 3km)

### Plan your course

- [download/print the PDF map](#)
- locate the start/finish  (south side of toilet block near car parks)
- decide in which order you will visit the wrecks
- you must finish where you started

### Run/walk the course

- Run/walk any day, any time,
  - o Please respect the current COVID-19 restrictions and other users of the forest
- Use the **MapRunF** app. Enter your name and details
- Select event in the folder: **Queensland/Brisbane South/Training**
- **“Go to start”**
- Make sure your phone beeps at the start location.
- Your phone will beep within a few metres of each wreck
  - o for fairness, make the effort to find and touch the wreck with your foot 😊
- Your course ends when your phone beeps at the finish (back where you started).
- Your result will upload automatically if you are using data. Otherwise, choose “manual upload” later, when you are connected to wifi.

### TIPS

- There are other man-made features marked with a black cross on the map (seats, random junk)
- One of the wrecks is an old metal topped shelter (#33)

*For once you'll be glad to find a heap of rust!*
