Entry and payment are via Eventor only:

You can run one leg or two legs non-consecutively, in Hard Open or Hard Masters teams.

Use your SI tag for both legs but remember to Clear and Check before your first run and Download after your first run. Then, if you're doing a second leg, Clear and Check before you start again and Download after you finish. If you don't get this right, the computer operators cannot retrieve your results and your Team will be recorded as MP.

Please indicate how many legs under Services (1 Leg, 2 Legs). There is no charge for running a second leg. Mixed team members may run only one leg and in the order allocated by the organisers.

Club Convenors will allocate teams, to be shown on Eventor, and notify their members before the event. Make sure you know which team you are in before you come to the event as this will make everything so much easier for you and your team mates.

At the event: At 9.15 am Club Conveners will collect packets of chest numbers for their Clubs' teams from the caravan and will distribute them to one person from each team. Be there on time to ensure everyone can get organised before the start.

Team members must wear chest numbers.

The running order is: White 1st leg, Blue 2nd leg, Yellow 3rd leg, Red 4th leg.

For teams with two runners the 1st leg runner must also run leg 3 and the 2nd leg runner must also run leg 4.

For teams with three runners the 1st leg runner must also run leg 3.
