

Davii Relay 2020

Venue: Haviland Park, Warragamba.

Great weather greeted the 15 orienteers at the club Relays for SHOO on 8 November. Sue and Paul have been setting this end of year event for over 30 years. They like a twist from the norm so orienteers can put their skills to the test.

Teams were of two and were mixed ability runners. The twist was the addition of map memory. Orienteers did not have a map but needed to rely on their memory! Laminated maps were added to each control showing the location of the next control. Each runner was given control descriptions for either the A or B course.

Last year's winners, Garry and Rory, were once again drawn as a team. The expectation was high for them again to win. In fact they did come in first! However, when their esticks were downloaded it was revealed they had both mispunched a control in their haste for victory. The honours instead went to Craig and Sandra. Sandra has not stopped smiling! Full results are below.

Relay results:

1. Craig and Sandra	34:30
2. Ruth and Peter	41:06
3. Angus and Robert	43:04
4. John M and Elizabeth	43:12
Garry and Rory	MP
John F. and Martin	MP

Easy:

1. Euan Shedden	11:41
2. Simon Huntley	26:51
3. Liz Huntley	26:53
