

# Bike Orienteering Summer Series FAMILY TEAMS PROMOTION

The number of family teams participating in the BOSS series has been growing over the last couple of seasons. It is a great way for the family to participate in MTBO in a safe and enjoyable manner. We need to encourage juniors to participate to grow the sport and this is hopefully a positive way.

As an extension to the Family team concept there are times that parents would like to compete separately but the current time constraints with the start window makes it difficult to compete both individually and as a team.

**Commencing on 17th January at BOSS 4 Killingworth.** Mum or dad or both may tackle the course as an individual then follow up with the family to complete an additional course. To allow this to happen and still finish by course closure at 11.00am, the parents need to be ready to ride at **7.45am to 8.00am**. This will allow them to complete the course by 9.15 to 9.30. The family will then be allowed to tackle the All Score course for a period of **60 minutes**.

**The Family entry fee is still fixed at \$15.00 plus map board hire and SI hire. Families may pick up an additional map for \$5.00.**

**We are always open to your feedback on the series. The aim is to increase participation in a fun and friendly atmosphere and hopefully increase junior participation.**
