

**Orienteering ACT Sprint Series 2021 – Race 1**  
**3 January 2021**  
**Palmerston District Public School**

**Assembly** Main entrance of the school.

**Parking** Off Kosciusko Avenue, in the school parking areas.

**Start** Adjacent to assembly area, start anytime between 9:00 and 9:30.

**Finish** Western end of the parking area - please take extra care while parking, or running through this area.

**Courses** One course with 2 variations, A and B – choose either at the start. Two people can start at once (head-to-head) on the different variations.

**Course length** 2.9 km (running distance), 28 controls. Note there is a map-flip part-way through the course.

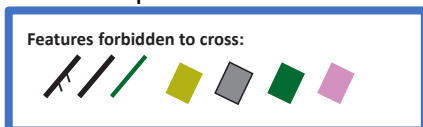

**Map scale** 1:2,000 – see notes below re special symbols used.

**Punching** SI Air is enabled.

There are many unmapped play equipment and other paraphernalia in the school grounds. However, prominent and isolated instances of common items have been mapped. For this enlarged scale (the map is 1:2,000) two special symbols have been used – a “H” for a bench or seat, and a triangle for a sign. The small black dot has been used for prominent light poles and posts. This should not be confused with the “sandy ground” symbol which has multiple dots on a beige background.

Please respect the “Forbidden to Cross” symbols – many are impassable, others are fragile.

Fence, Wall, Hedge, Private / Garden Bed, Building, Impassable vegetation and Out of bounds are all used. Cliff, Lake and Marsh are not used.

Results and splits will be on Eventor Australia and on Attackpoint at
